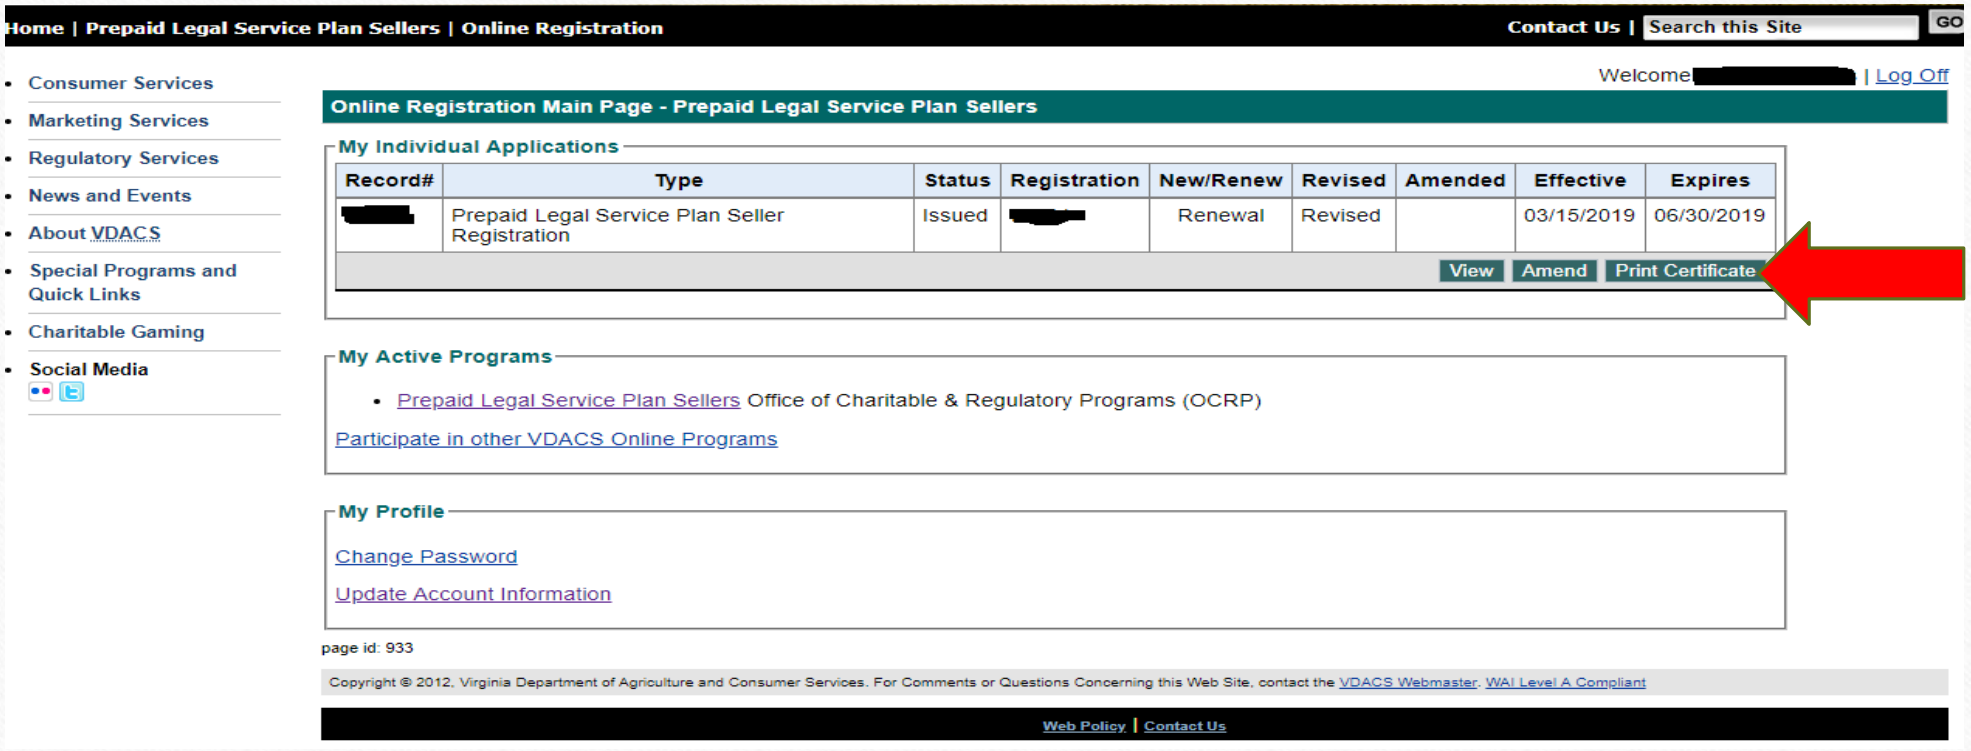
Printing your Certificate

Printing your Certificate
Quick Notes

- You are responsible for printing your certificate and submitting it as proof of registration to your Legal Services Organization (LSO). Our system does not automatically submit a copy to you or your LSO, nor will we mail a hard copy.
- If you are a Manager, Team Leader, etc., please do not call us requesting copies of your associates or team members registration certificates. We are no longer able to provide the certificates to you – your associates/team members must print their own to provide to you.

Printing Your Certificate


To print your certificate, you must login to your account. When your main page appears, locate your most current record (expires 6/30/2020) and click on the "**Print Certificate**" button.
