Helpful Information about your catalog……..

- Items for which no processing fee is listed are items for which the schools receive a rebate or direct discount. These are commercially purchased items and costs may vary. The presence of a processing fee does not preclude the processor from utilizing rebates.
- Processing fees listed represent maximum possible cost. Actual fees may vary.
- In the case of Schmidt Baking Company the column "case size lbs" is actually in ounces and each "case" refers to one loaf of bread or package of buns.
- Asterisks (*) behind a product number indicate more than one commodity may be used to produce a product. This could be an and/or situation. For example, a product could be made using either 110242 **OR** 110244 or a product could be made using both 110242 **AND** 100036. Contact processor for more details. These asterisks are not part of the product code. An asterisk could also mean that two different processors utilize the same code and the computer requires a differentiation.

- Information in this catalog is current as of the date the catalog was posted. If you are interested in a particular product not listed in the catalog, contact either the processor or Tami Radcliff.
