### APPLES FOR PROCESSING

**APPALACHIAN DISTRICT** (Baltimore) September 3. Trading very active on fairly lgt offerings of fruit. Prices juice higher, canners first report. Harvest volume increasing as growers continue to pick Galas and Jonagolds. Very lgt harvesting of Golden Delicious and Red Delicious has begun in the southernmost part of the District, but marketable volume is not expected for another 2-3 weeks. Some growers are reporting apples are smaller than desired. Many continue to pull juice fruit from North Carolina. Size there is small due to drought conditions during the growing season. Quality variable. US One paid to growers and delivered to processors prices per cwt including contract
