

# Slaughter Cows

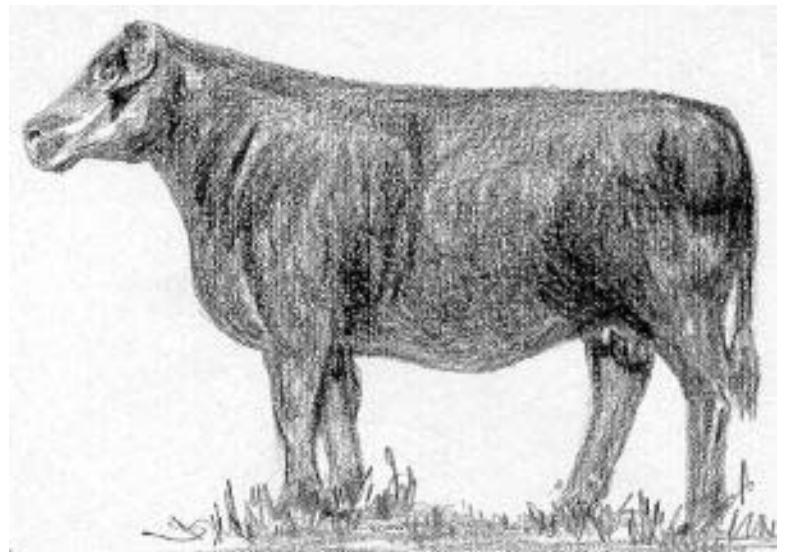

Lean 85-90% lean  
Avg Dressing % 43-47

Boner 80-85% lean  
Avg Dressing % 47-51

Breaker 75-80% lean  
Avg Dressing % 50-55

Fat Breaker 65-75% lean  
Avg Dressing % 54-59

\*\*\*Percent lean is the expected lean content of untrimmed boneless product from the carcass. Estimated dressing percents are primarily determined by considering fat, muscle, and fill on individual cows; average ranges are estimates only.
