\*\*If you are getting certified for the first time, meeting and test should conclude at 3 PM

- Meet the requirements of becoming a Virginia CFA as administered through the Virginia Department of Agriculture and Consumer Services (VDACS)
- **CEU'S: Continuing education requirement. Certified fertilizer applicators shall complete a minimum of two hours of course work every two years.**
- Certification is required of: All licensees and contractor-applicators who apply fertilizer for commercial purposes to nonagricultural land and all state agencies, localities, or other governmental entities who apply fertilizer to nonagricultural land
- Training is required of: licensees and contractor-applicators, state agencies, localities, or other governmental entities engaged in the commercial application of fertilizers to nonagricultural lands
- You will find this information on fertilizer selection, use, and programming of value as an educational tool.
- If your company is engaged in the commercial application of fertilizers, you shall Employ or retain the services of a certified fertilizer applicator (CFA).
- **Exams graded electronically, on site. Your employee will know their status before they leave. Everyone will receive some type of documentation to take home with them - either a certificate or a training record.**

Program covers material in prep for the exam, others are welcome to attend.
