## Pre-Approved Animal Control Officer and Humane Investigator Training Courses

Virginia Code Section 3.2-6556 requires every animal control officer to complete 15 hours of training in animal control and protection every three years, and requires all training courses to be approved by the State Veterinarian. The State Veterinarian's criteria used to approve training require course organizers or participants to contact the Office of Veterinary Services - Animal Care for course approval. If you would like a course added to this list, contact animalcare@vdacs.virginia.gov.
