Please notify us if you want your listing removed or changed
New Mexico, like many states in the West and Midwest, is in a very intense drought situation. New Mexico Department of Agriculture has created a hay and pasture contact page so landowners with available pasture and those with hay for sale may list what might be available. The goal is to establish a one-stop shop for the convenience of both New Mexico producers and those who have supplies.

Information can be sent to: hayhotline@nmda.nmsu.edu.
