## Color-A-Cow Directions

1. Color the cow. Do not attempt to color a real cow; many bovines are ticklish and probably wouldn't sit still long enough to color completely.
2. Fill in the blanks below the cow. If submitted, the Milk Commission would like to properly credit all artists that submit their work.
3. Submit your art to the Milk Commission. We would love to see your work! Submission methods include:
  - a. Mail: Virginia State Milk Commission, 102 Governor Street, Room 206, Richmond, VA 23219
    - i. Another reason not to color a real cow – The average Holstein cow weighs 1,500 pounds. That's a lot of postage, and cows don't easily fit in mailboxes.
  - b. Email: Scan your art and send it to [milk@vdacs.virginia.gov](mailto:milk@vdacs.virginia.gov)
    - i. Yet another reason not to color a real cow – Scanning a cow is a time-consuming and difficult process.
4. Submissions will be displayed throughout the Milk Commission office, located within the Virginia Department of Agriculture and Consumer Services in Richmond.
